The Egyptian Resorts Company - ERC, is one of Egypt’s leading developers of international resort town communities. Its flagship development project in Sahl Hasheesh, is a fully-integrated beach community spread over twelve million square meters, along an exquisite 12km bay located on Egypt’s Red Sea coast just 15 minutes South of Hurghada International Airport. Sahl Hasheesh is cradled by the bay to the East and rugged mountains to the West, which serve as a stunning scenic backdrop to the over three thousand hotel rooms and two thousand residential units currently in operation.
THE BEACH TOWN OF SAHL HASHEESH
PIAZZA
The Old Town district of Sahl Hasheesh is its main hub, where all the excitement takes place. The Old Town is home to lots of restaurants, bars, shops and one of Sahl Hasheesh’s most popular public beaches.
270 degrees of breathtaking sea views, 270 days of beach living each year, five minutes walk from the Old Town’s beach promenade and restaurant community. Perched on a hill behind the Old Town, 270 offers staggered topography that adds to the character of its design. The elevation offers serenity without compromising proximity.
